179.—Enfant de Nice. Double Red .....	1.50
180.—Enfant de Nice. Double Rose .....	1.50
181.—Enfant de Nice. Double White .....	1.50

Super Giant. Immense flowers, 3 ins. across, well fringed, and produced most freely on sturdy, upright stems. Spicy clove-like fragrance. Ideal for cutting.	
184.—Super Giant. Double Mixed .....	1.50
<b>CASSIA—</b>	
1088.—Marylandica. 3 ft. A showy yellow flower of the pea family.....	1.00
<b>CANTANANCHE—</b>	
1493.—Caerulea. Blue. Good for cutting and decorations.....	1.00
<b>CENTAUREA OR PERENNIAL CORNFLOWER—</b>	
1434.—Montana—Large, deep blue flowers. Very attractive.....	1.00
<b>CHEIRANTHUS—</b>	
1446.—Linifolius—Alpine Wallflower. 18 ins. Compact plants bearing spikes of bright mauve blooms. An attractive, ideal rock plant....	1.00
1447.—Kewensis. 30 ins. Winter blooming, fragrant flowers. Soft yellow changing to gold and violet .....	1.00
<b>CHRYSANTHEMUMS—April 1st delivery.</b>	
Our stock is strong, hardy, field-grown. Will give good results.	
1513.—Pink Cushion. A very dwarf, neat growing plant, hardy type. Is literally covered with double pink flowers. Grand for borders and as a pot plant .....	1.50
1531.—Pink Dandy. A very hardy, strong grower. Enormously prolific, of medium size. Double, soft pink flowers. Will grow and develop where many others fail .....	1.00
1539.—Harbinger. A bright, soft rosy-pink, very showy. Flowers about 2 ins. in diameter. A decorative pompom in shape. An especially good cut-flower variety. Extremely hardy, affected but little by heat and drouth. ....	1.25
1510.—Vivid. A grand, medium early, double deep rose mum. 3 inch blossoms. Is very attractive and showy. ....	1.00
1532.—Seven Sisters. This is an early, large, white pompom, almost round in shape. Forms large clusters of beautiful, showy flowers. Grand for cutting .....	1.50
1519.—Golden Nymph. A good, medium early, golden bronze. Button type. Quilled petals. A good hardy variety.....	1.00
1538.—Bell's Bronze. A medium late, strong grower. A giant, double variety. A very showy reddish bronze. 5-inch blossoms.....	1.50
1537.—White Yuletide. A good late, double snowy white variety. 3 inch blossoms. Long, slender petals .....	1.00
1536.—Cannon's Yellow. A very late, semi-double yellow variety. Very hardy .....	1.00
1535.—Curtis White. An extra early, hardy, semi-double, daisy-like mum. Showy yellow centers. 2 inch blossoms. Its earliness makes it valuable .....	1.00
1511.—Foxes Beauty. Lemon-yellow, daisy-like flowers. Medium early. Very hardy .....	1.00
1516.—Mrs. Verner. An early, double, creamy white variety. 3 inch blossoms. Twisted petals. An unusually attractive type.....	1.00
1534.—Golden Sceptre. Large, pompom type. A grand outstanding cut-flower variety. A good clear lemon yellow. Wonderfully quilled, one and one-half inch double flowers in large clusters. It is a late, frost-proof variety .....	1.50
1533.—Jennings' Bronze. A grand, outstanding medium late variety with two and a half inch double flowers in a pretty salmon-tinted bronze shade. Unusually long lasting, vigorous and hardy. You will be delighted with this variety .....	1.50
1528.—Jane Kelsey. This is a very outstanding new variety. The large single flowers are a lustrous, clear, deep pink and are borne in great profusion on long stems in early fall. Strong growing, unusually hardy. Unsurpassed for garden use. Very decorative and long lasting as a cut flower.....	2.00
1512.—Autumn Beauty. This variety is unusually large for a garden type. Has 4 inch double blossoms, white, tinted lavender. A very compact, bushy, strong grower. Medium late. A good cut variety .....	1.00
1529.—Endeavor. An extra large, unusually hardy, vigorous grower. A single, daisy-like mum. Produces deep coral pink blossoms, literally by the hundreds. Grows on a symmetrical, mound-shaped plant about 24 inches high and about the same diameter. Lives and grows when other mums freeze and die. Excellent as a garden plant or for cutting .....	1.00

- 1514.—Ball of Gold. A good medium late, double variety. Very vigorous and hardy. Golden yellow flowers with stiff stems..... 1.50

**CIMICIFUGA—**

- 1373.—Simplex. 2 to 3 ft. Spikes of graceful white flowers. Fine for herbaceous borders ..... 1.25

**DAISIES—SHASTA—**

- 333.—*Leucanthemum Davisii*. 20 ins. Very early variety, free blooming. Fine for cutting. A very hardy, true to type variety..... 1.00
- 336.—Memorial. 24 ins. The earliest of all. Medium sized flowers. Enormously prolific. Very valuable on account of its extreme earliness ..... 1.00
- 403.—Pearl. A new variety which is unusually hardy, resistant to both cold and heat. Is not the largest, but a good one ..... 1.00
- 328.—Mayfield Giant. Riegel's Improved. 36 ins. This daisy is a giant in every way—in plant and blossoms, and is enormously free-blooming. It is one among the hardiest of daisies, resistant to heat and cold. The stock we are offering of this variety is Riegel's Special Selected, all originating from one pedigree plant. You will find no variation—every plant alike and uniform—a magnificent strain. .... 1.50
- 324.—Wistralia. Riegel's Improved. 24 ins. A strong grower. Giant, glistening white blossoms. Another one of our pedigree selections. Uniform and true to name ..... 1.25
- 342.—Supreme. 24 ins. One of the grandest, large, hardy, early Shastas that is available. Its enormous, long-petaled, glistening white flowers attract great attention. Its magnificent beauty, size and extreme earliness make it an outstanding florists' variety ..... 2.00
- 417.—Early Giant. This is one of our new daisies. The first time offered. It is outstanding for its earliness. We believe it is the largest early daisy on the market. This was proven in our test of over fifty varieties. Has 4 to 5 inch single blossoms, broad, snowy-white petals, long stiff stems. A very prolific, hardy, vigorous type. No doubt it will become very popular as a cut-flower variety, due to its earliness and enormous size..... 5.00

**DAISIES—SPECIES—April 1st delivery.**

- 918.—*Morifolium*. A most attractive plant for the rock garden or border. Is bushy in habit and in the fall is literally covered with dainty pink flowers ..... 1.50
- 917.—*Millifoliatum*. An interesting new daisy. Very little known. It is hardy and vigorous. Has fine, gray, attractive leaves. Grows to a height of about 2 feet. A long blooming season, producing lemon-yellow flowers an inch or more in diameter. Attractive cushioned centers. A good bedding plant, also good for cutting..... 1.50
- 921.—*Articum*. 10 ins. A gem for the border or rockery. Forms an attractive, rosette-like clump of pretty dark green foliage, which in the fall is entirely covered with showy white flowers. Is wonderfully hardy. You will be pleased with this fine plant ..... 1.50
- 926.—Clara Curtis. The hundreds of single salmon-pink daisy-like flowers are about 3 ins. in diameter, and are at their best in late summer. They are well arranged on short, much-branched stems not over 12 to 18 inches high in such numbers that the plant looks like small mounds of pink. They are perfectly hardy and bloom so early they are never damaged by frost..... 2.00
- 925.—*Astrid*. Another unusually hardy, valuable Daisy. The 3-inch blossoms are a lovely shade of shell-pink warmed with old rose tints, with a bright yellow center. The plants have bright green foliage, practically free from disease or insects. It has proven to be one of the hardiest of this type and is very satisfactory..... 1.50

**DIANTHUS PLUMARIUS OR GRASS PINKS—**

A grand and useful class of plants. Brilliantly colored and pastel flowers for beds, borders, rockeries, edgings and cutting. These dwarf plants are free blooming and produce flowers of different forms 1 to 2 inches across. Of easy culture. Succeeds in all soils.

- 291.—*Caesias Splendens*. 6 ins. Rose shades. Very dwarf. Fragrant. Makes beautiful clumps. Ideal for borders and rocks..... 1.00
- 292.—Single Clove or Pleasant Eye. 10 ins. Large, single flowers in showy colors. Very fragrant ..... 1.00
- 306.—Spring Beauty. 12 ins. Double, carnation-like flowers in a beautiful range of colors. Very fragrant ..... 1.00
- 293.—*Semperflorens* or Florists' Perpetual Everblooming, double and semi-double. Mixed colors. Gives a long season of bloom..... 1.00

- 315.—Dwarf Double Clove. Nanus mixed. 6 to 8 ins. Same as Giant Double Clove, but of very dwarf growth, making it ideal for the rockery and border ..... 1.00

### DIANTHUS SPECIES—

- 274.—Laciniatus Splendens. 12 ins. Large single flowers. 2 inches across. Brilliant crimson with a large, boldly contrasting white eye. Attracts attention. .... 1.00
- 300.—Crimson Bedder. 12 ins. Glowing, velvety crimson flowers. Single and semi-double. Fringed ..... 1.00
- 297.—Graniticus. 15 ins. Bright, rose-pink flowers with a narrow maroon line around the center. Blue stems add interest. .... 1.00
- 317.—Sweet Winelsfield. Double Mixed. 12 ins. A hybrid pink. A profusion of blossoms in a great variety of brilliant colors and markings. .... 1.00
- 276.—Punctatus. Chinese type. 10 ins. Large, beautiful single, fringed flowers in a variety of bright colors ..... 1.00
- 313.—Deltoides. White ..... 1.00
- 267.—Heddwigi. Double mixed. Double blooms in many showy colors. Gorgeous ..... 1.00
- 275.—Loveliness. A very fancy fringed dianthus of a mauve-lilac color, very fragrant. Is very hardy and desirable for both bedding and cutting ..... 1.00

### GAILLARDIAS—

- 477.—Grandiflora. 20 ins. Fine, showy variety. Mahogany and yellow. One of the best. Fine for cutting ..... 1.00
- 482.—Goblin.—10 to 12 ins. The new Gallaria-Goblin is especially desirable for rockeries and borders. It forms broad bushes of close and compact habit. They are covered with beautiful two-colored flowers so that the foliage entirely disappears under the mass of bright yellow flowers with deep red zone ..... 1.00
- 479.—Sunset. Giant, charming flowers of rich golden yellow. .... 1.00

### GRASSES—

- 444.—Festuca Glauca. 10 ins. Dwarf. Ornamental with distinct blue green foliage and attractive little steel blue flower-heads. .... 1.00
- 445.—Phalaris Arnudinacea. 12 ins. A creeping ribbon grass. Very ornamental. Beautifully striped, green and white ..... 1.00
- 446.—Phalaris Arnudinacea, Erecta. Another rock garden variety, but has yellow stripes instead of white and of a more bunchy type than 445 ..... 1.00
- 451.—Zebra. 6 ft. Yellow stripes across the leaf. An attractive specimen plant. Silvery plumes ..... 1.00
- 448.—Eulalia Gracimillis. 5 ft. An ideal grass for high border or specimen clumps. Graceful habits, with narrow green leaves with a silvery mid-rib. Fine plumes ..... 1.00
- 452.—Giant Ribbon. This grass is not only a beauty and decorative as a specimen plant in the yard, but is grand for making bouquets. .... 5.00

### HEMEROCALLIS—

- 511.—Fulva. 3 to 4 ft. Coppery orange. Shaded red. One of the most popular and showy of the Hemerocallis. Grand for extensive borders and massing ..... 1.50
- 510.—Florham. 3 ft. Large, trumpet shaped, fragrant flowers. Rich lemon yellow with Indian yellow margin ..... 2.00
- 512.—Kwanso.—3 to 4 ft. Large, double flowered variety with rich, golden bronze flowers. A grand variety. Fine for cutting ..... 2.00

### HIBISCUS—MALLOW MARVELS—

- Heigh, 4 ft. New giant flowering type. Wonderfully improved. Gorgeous in effect. 10 inch flowers.
- 588.—Red. Gorgeous ..... 1.00
- 589.—White with red eye ..... 1.00
- 597.—Giant mixed ..... 1.00

### HOLLYHOCKS—

An old-time flower of great importance. A good bedding plant for background and specimen clumps. Their stately growth and handsome flowers make them very popular. The Chater's type is among the best in Hollyhocks.

- 554.—Chater's Double, Newport Pink ..... 1.00
- 564.—Chater's Double, Double Mixed ..... 1.00

**HYPERICUM OR ST. JOHNSWORT—**

- 950.—Reptans. 4 to 6 ins. Dwarf, low-growing plant. A gem for the rock garden. Has beautiful, slender evergreen foliage which, when covered with a profusion of 2-inch, bright yellow flowers is strikingly beautiful. A genuine pleasure is derived by growing this plant. We have found this to be one of the hardiest and easiest growing plants we have ..... 1.50

**JASMINE—**

- 214.—Yellow Winter Jasmine. A very graceful, hardy, drooping plant with dark evergreen stems and leaves. Intensely fragrant, bright yellow flowers freely produced in early January and continuing for sometime ..... 5.00
- 1215.—White Star. A very desirable bedding or specimen plant. Produces very fragrant snowy white star-shaped flowers. Semi-trailing, can be sheared into bush form..... 10.00

**LATHYRUS—PERENNIAL SWEET PEA—**

- Colorful climber and trailer for rock walls and fences, blooming the early part of the summer.
- 653.—Pink Beauty ..... 1.00
- 654.—Red Beauty ..... 1.00
- 655.—White Pearl ..... 1.00
- 656.—Fancy Mixed ..... 1.00

**LIRIOPE—**

- 664.—Muscari Exiflora. 20 ins. This is a very fine and stately plant. Has long slender green leaves and spikes of lavender flowers during the summer. Grows easily. Will thrive in half shade. Ideal for landscapers ..... 1.50

**LOBELIA—PERENNIAL—**

- 1268.—Cardinalis. 30 ins. Handsome border plant. Strong plants often produce 10 to 18 spikes of rich, cardinal red flowers. They are very effective. Also a good pot plant ..... 1.50

**MAZUZS—**

- 1460.—Reptans. A dwarf and interesting Alpine plant, producing spikes of dainty rosy-lilac flowers just above the attractive foliage. A fine and neat plant for the rock garden..... 1.00

**NIEREMBERGIA—**

- 698.—Veitchi. A real gem for the rockery or border. Its resistance to heat and its profuse blooming make it an ideal plant for dry locations. It forms an attractive mound-shaped clump of feathery foliage which is literally covered with white flowers with a tint of blue. Very dainty. Hardy south of Tennessee. A charming little plant. Attracts attention ..... 1.00

**PARDANTHUS—BLACKBERRY LILY—**

- 719.—Chinensis. Orange colored. Spotted. 24-inch stems. A lovely old-fashioned flower ..... 1.00

**PHLOX SUBULATA OR THRIFT—**

- Phlox Subulata is one of the greatest rock, border and cover plants we know of. With its many different types and colors, there is a wealth of beauty to be had in the early spring when most plants are dormant. Its hardiness and adaptability are unequaled. Has pretty moss-like evergreen foliage. Is covered with dainty flowers. Its brightness attracts everyone.
- 1011.—Moerheimii. A hardy, quick growing variety, is highly recommended. Color is a beautiful carmine-pink ..... 1.00
- 1015.—Perfection. An extra strong grower covering itself with bright, showy pink flowers. You will be delighted with this variety. We think more of it each year, as its brightness attracts attention. Its foliage is very ornamental..... 1.25
- 1008.—G. W. Wilson. A lovely rock plant of soft lavender. One of the first to bloom ..... 1.00
- 995.—Lilacina. A strong growing, creeping variety, suitable for bold masses in the rockery. Completely covered, in early spring, with attractive, soft lilac-blue flowers with a bright, sparkling eye. Attractive foliage. A good dependable hardy variety. .... 1.00

- 1016.—*Nivalis Sylvestris* or Dixie Brilliant. This new giant variety is without a doubt the grandest dwarf *Subulata* Phlox ever introduced. If you are looking for a dwarf plant of unusual beauty and striking effect, here it is. It is a strong, vigorous, hardy grower with mammoth blossoms the size of a half dollar, in a gorgeous brilliant rosy red. It is a very valuable addition to the list of dwarf plants..... 5.00

**PHYSOSTEGIA—**

- 796.—*Vivid Grandiflora*. 20 ins. This is one of the best varieties out. A grand bedding plant and also an ideal florists' cut-flower. The branching stalks produce full heads. Bright rosy violet..... 1.00  
 797.—*Virginia Rosea*. 3 ft. Long spiked. Delicate pink ..... 1.00  
 798.—*Virginica Alba*. Very fine. Pure white ..... 1.00  
 797.—*Summer Glow*. Towering stems often exceeding 4 feet, terminating in colorful spikes 18 inches in length, of a rosy-crimson color that is altogether attractive and effective. A splendid background or cut-flower variety ..... 2.00  
 800.—*Rosy-Spire*. This is a more dwarf type than *Summer Glow*, but similar in habit to *Vivid*, more compact spikes, of deeper, rasier color, decidedly colorful ..... 1.50

**SALVIA—**

- 939.—*Azurea*. 3 ft. Lovely, light blue flowers in great profusion..... 1.00

**SCABIOSA—BIENNIAL GRANDIFLORA—**

Large flowering type. A great favorite, comes into bloom early, continuing throughout the season. The dainty flowers noted for their exquisite shades are borne on long stems. When cut they keep in perfect condition for a long time. They make effective borders or beds, and no garden is complete without *Scabiosa*, especially where flowers are wanted for cutting

- 1389.—*Blue Cockade*. New deep azure blue ..... 1.00  
 1390.—*White Shasta*. Unusually attractive and beautiful ..... 1.00  
 1391.—*Peach Blossom*. Lovely pink shade ..... 1.00  
 1392.—*Cattleya*. Rich rosy lilac of the beautiful orchid tone..... 1.00  
 1393.—*Loveliness*. A charming shade of salmon rose ..... 1.00  
 1394.—*Rose-Pink*. Showy bright flowers ..... 1.00  
 1396.—*King of the Blacks*. Velvety black, purple ..... 1.00  
 1397.—*Yellow* ..... 1.00  
 1398.—*Scarlet* ..... 1.00  
 1400.—*Crimson* ..... 1.00  
 1402.—*Coral Pink* ..... 1.00  
 1399.—*Exquisite Mixed* ..... 1.00  
 1403.—*Blue Moon*. One of the most beautiful new *Scabiosas* out..... 1.25

**STOKESIA—**

- 983.—*Cyanea*. 18 ins. Beautiful light blue flowers. Long stiff stems. Fine for cutting and borders. An excellent, hardy plant ..... 1.25

**TANSY—**

A useful, hardy herb—very ornamental foliage.

- 1477.—*Giant Yellow*. Large heads of yellow flowers ..... 1.00

**TRADESCANTIA—**

- 1038.—*Virginica*. 15 ins. We offer a greatly improved strain of this variety. Much larger flowers and clearer, brighter blue *Tradescantia* will grow in cool, shady places where other plants fail..... 1.00

**TUBEROSES—**

An old-time favorite; very fragrant white flowers. A very popular and useful flower.

- 1488.—*Double flowering*.  
 Extra large blooming size ..... 1.25  
 Large second size ..... .60

**VERBENA—**

- 1148.—*Canadensis*. 8 ins. An excellent hardy variety. Prolific bloomer. Bright lavender shade ..... 1.00  
 1150.—*Venosa*. 12 ins. Unusually hardy. Fine to cover banks and graves. Also bedding. A dainty cut-flower. Rosy lavender..... 1.00

**VERONICA—**

- 1100.—*Elegans*. 10 ins. A beautiful little hardy evergreen plant. Dwarf. Spikes of soft pink flowers ..... 1.00  
 1104.—*Prostrato*. 4 ins. A real gem for the rockery. A trailing variety with dainty blue flowers in profusion. A delightful little plant..... 1.00

Per 100

1105.—Spicata Blue. 20 ins. Another gem for rockeries and bedding. Well formed bushes with spikes or gorgeous violet blue flowers. An unusually hardy and beautiful plant.....	1.00
1107.—Royal Blue. 12 ins. Low compact plants. Bright blue .....	1.00
1110.—Spicato Rosea. Height 12 ins. Forms neat mats of green foliage with spikes of pink flowers in late spring. Similar in habit to Spicata Blue .....	1.00
1103.—Giant Blue. We have grown many Veronicas, but this variety—for a number of years, in our nursery—has proven itself an unusually hardy, strong grower, very uniform in habit. Will grow in most any location and in any type of soil, wet or dry. Produces beautiful, long blue spikes that blend in well with most all flowers. An excellent bedding and cut-flower plant .....	1.00

**VINCA—**

1137.—Major. This plant differs from Vinca Minor in that it makes a low upright bush 10 to 12 inches high with semi-vines branching out from the top. A very strong grower, larger leaves and flowers. Almost as large again in the same dainty lavender blue. This plant will grow in full shade where such a plant is desired for-boder lines and circle beds massed under trees, etc. A very showy evergreen plant. Succeeds in sunny locations .....	1.00
--	------

**VIOLETS—**

1116.—Spring Beauty or Confederate. This is an ideal variety for the rock garden. One of the first to appear in the spring with its large, showy white blossoms with pale blue centers. It is an extra strong grower, very hardy, and once established, takes care of itself .....	1.00
--	------

**WALLFLOWERS—**

An old time favorite garden flower. Is appreciated for its wonderful fragrance.	
1248.—Blood Red .....	1.00
1252.—Fancy Single Mixed .....	1.00
1253.—Double Early Wonder Mixed .....	1.00
1254.—Parisian Single Mixed. Large golden yellow flowers, with violet-like fragrance .....	1.00
1247.—Finest, Double Perennial Mixed. 20 ins. Long spikes, set with large, double, sweet-scented flowers in bright oriental colors. Resembles double stocks .....	1.00

**ONE YEAR CLUMPS**

These are hardy, strong, field-grown clumps. For description see plant and division section. Not less than 25 of a kind.
